The background of the image is a deep blue-green, textured surface that resembles water or a dark, moist environment. Two eels are visible, one on the left and one on the right, both swimming towards the right. They have a yellowish-brown body with dark brown spots and a lighter, almost white, underbelly. The eels are curved in a slight S-shape, suggesting movement. In the upper right corner, there is a large, white, oval-shaped speech bubble with a black outline. At the bottom left, there is a small, white, semi-circular shape, also with a black outline, which appears to be the top of a head or a similar object.
